

# RIESLING 2019

## THE GRAPES

Riesling sourced from two 40 year old blocks in our Silverburn vineyard adjacent to the winery.

*We have been growing Riesling in our vineyards since the 1890's and in that time have developed our own regional style, with abundant fruit flavours and wonderful balance. Our aged Rieslings are wines of remarkable complexity and flavour, of which we are very proud.*

After an ideal growing season we were able to choose the optimum time to harvest our Riesling and we blended our two blocks post ferment, one adding freshness and aroma and the other more zesty palate weight.
